

Virtual Tutoring Through Your Back-Up Care Program

Does your child need help with homework or dedicated support in a specific area? Great news! You can use your *Bright Horizons Back-Up Care*™ program to reserve an experienced tutor to help your 5-18-year-old stay on track — whether during the school year or over summer break. Watch a video to learn more: <http://bh.social/Tutoring>.

Benefit overview:

- Instant homework help in reading, math, science, social studies, and 300+ other subjects
- Targeted support with a math or reading expert who can identify areas of opportunity and help your child excel
- Each back-up care use can be exchanged for 4 hours of virtual tutoring

Just submit a tutoring request through the back-up care site and then schedule the days and times that work best for your family. See a step-by-step guide here:
